### Icon Explanation:

Compliant with Schluter®-KERDI shower system warranty. Warranty backed by Infinity Drain.

Available for custom fabrication (length and outlet location) and will ship the following day

Available for custom fabrication, ships within 15 business days

Drains that have an overall lower height.

High flow drains are designed to connect to a 3" waste line. These drains are rated at 21 GPM

All Infinity Drain products are available in ten finishes

#### Standard Finishes

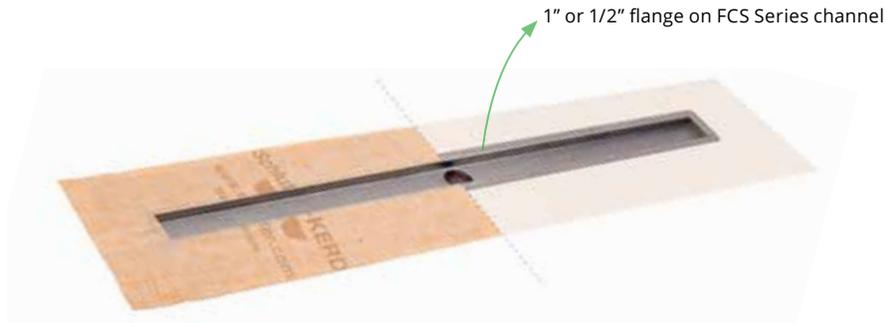

- Satin Stainless - SS
- Polished Stainless - PS
- Satin Bronze - SB
- Oil Rubbed Bronze - ORB
- Matte Black - BK

#### Specialty Finishes (10 day lead time)

- Matte White - MW
- Gunmetal - GM
- Satin Champagne - SC
- Polished Gold - PG
- Polished Brass - PB

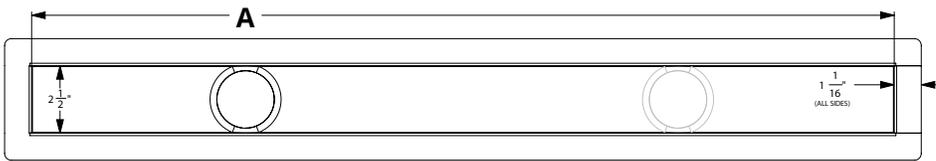

# Custom FCS Channel

## Fixed Flange Channel with Schluter®-KERDI Waterproofing

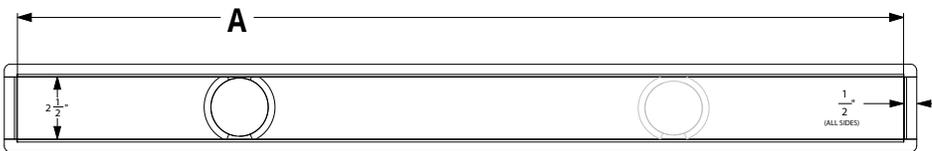

**Custom FCS Channel** with Schluter® KERDI Waterproofing - Comes with KERDI membrane factory applied to the channel for use with the Schluter KERDI system. Uses a 2" No-Hub Outlet. The overall inside length of channel (**A**) is the finished length of the drain, with a flange on all four sides to accept the waterproofing membrane. All outlet locations (**B**) are measured from the right inside channel edge. For this type of installation a mortar bed or equal is created up to and around the drain with the appropriate slope towards the drain. The waterproofing is applied over the mortar bed and the flange of the channel. Tile or stone is applied directly to the waterproofing for a low profile installation.

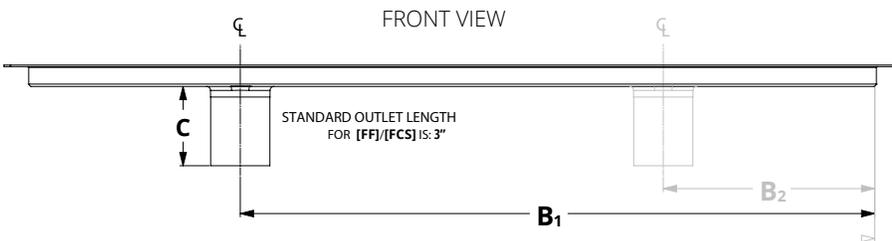

FCS Custom Channel available with a **1" or 1/2" Flange** and compatible with all linear drain grate styles

1" Flange  
FCS 65C

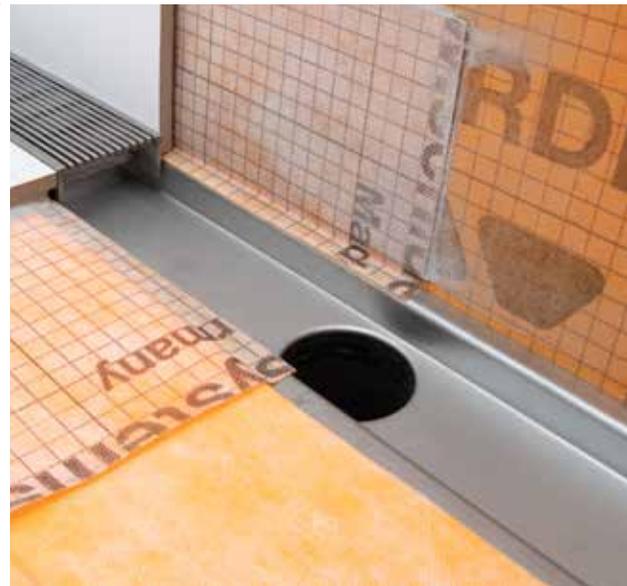

1/2" Flange  
NDC FCS 65C

**Features:**

- 1/2" flange ideal for wall-to-wall and flush against the wall installations
- Available in lengths up up to 96"
- Available in all grate styles & ten finishes
- See page 142 in the Price List for more information

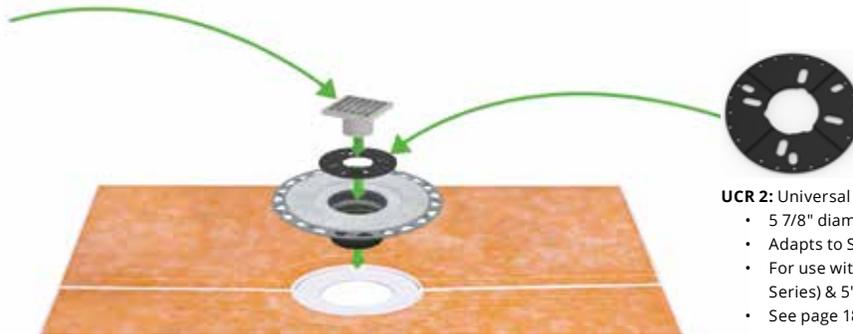

## UCR 2

Adapts to Schluter®-KERDI Drain Flange

### Universal Ring (UCR 2) Adapts to Schluter®-KERDI Drain Flange For use with Infinity Drain Center Drains

Infinity Drain 4" square & 5" round center drains thread into the UCR 2 in place of Schluter's height adjustment collar

#### UCR 2: Universal 2" Ring in ABS

- 5 7/8" diameter x 2" threaded throat
- Adapts to Schluter®-KERDI drain flange
- For use with 4" square (Pro Series and Premium Series) & 5" round center drains
- See page 189 in the Price List for more information

#### 4" x 4" Premium Center Drains
