Architectural Drainage Solutions

Where **Art**
Meets **Science**

About Us

We exist to elevate the everyday through our architectural drainage solutions. Whether it's a calming shower, an exciting rooftop bar or a relaxing backyard pool oasis, our drainage solutions provide function and beauty to elevate any space.

For us, elevating the everyday also means caring for our local community. Our nonprofit, Mission Belly Full, is committed to the fight against food insecurity and prepares over 600 meals a week in our on site kitchen to support several local organizations.

Our Brand

We pioneered linear drains in the USA over 15 years ago and we continue to innovate. Each one of our drainage solutions is developed by our engineering team with optimal performance and beautiful design in mind. The result is a product line with an unparalleled number of grate styles and finishes that are compatible with any type of installation for the ultimate flexibility of design. From our expert technology team to our responsive customer service team, we are committed to the success of every project.

Proudly Made in the USA

We source all our raw materials from US suppliers and manufacture all our products at our facility on Long Island, New York. Our commitment to being American made means limitless custom capabilities, fast turnaround times, and a personal approach to quality. Transparency and sustainability are the other anchors of our production philosophy, and we love giving factory tours.

NEW PRODUCTS

NEW Site Sizable® Slot Drain

The Site Sizable Slot Drain brings the clean, refined look of a slot drain to any project. Its field adjustable design allows installers to precisely cut and assemble the drain to exact site conditions, ensuring a perfect fit every time. Compatible with traditional waterproofing and a variety of flooring materials, the Site Sizable Slot Drain provides the flexibility and precision that modern design demands.

NEW PRODUCTS

NEW FX Slot Drain

The FX Slot Drain captures the essence of modern minimalism. With its fixed-length, factory made channel and precision-machined slot opening, it delivers a sleek, uniform aesthetic ideal for contemporary spaces. Engineered for traditional waterproofing installations, the FX Slot Drain offers the elegance of a concealed linear drain with the reliability of a single-piece stainless steel construction.

NEW PRODUCTS

NEW Slot Sink Drain

The Slot Sink Drain creates a clean, continuous opening that disappears into the sink design. The slim linear slot integrates directly into stone, quartz, or solid-surface sink constructions. Crafted from stainless steel, the Slot Sink Drain delivers consistent flow performance while maintaining a seamless architectural look and is compatible with standard sink plumbing.

NEW FINISH

NEW Satin Brass Finish

Satin Brass brings a warm, elevated look to modern and traditional spaces alike. This finish features a soft, brushed surface that delivers a refined golden tone without the glare of polished brass. The muted sheen highlights the clean lines of our grates. Now available across all linear and center drains.

FEATURED PRODUCTS

Tile-In Disco-rectangle

Disco-rectangle emphasizes a fluid, organic aesthetic with smooth, curved contours. This design moves away from sharp angles while maintaining the structural integrity and performance of the product. Available in eleven finishes crafted to match other fixtures in the bathroom, it offers flexible solutions to fit any design. This tile insert drain seamlessly integrates with the surrounding shower or wet room floor for a clean visual that is simultaneously vintage yet modern.

FXDTIF 65

FFDTIF 65

FCSDTIF 65

Disco-rectangle

[DIS-koh REK-tang-gul] (noun)

A two-dimensional geometric shape constructed of a rectangle with semicircles at a pair of opposite sides.

FEATURED PRODUCTS

Solid Grate

Our redesigned Solid Grate is crafted from 16 gauge 304L stainless steel. The solid grate design provides a sleek, modern look, while ensuring excellent water flow and preventing clogs.

FEATURED PRODUCTS

Product Design
Consultant

Gensler

Adhesion Linear Drain

The Adhesion linear drain is inspired by the science of adhesion, where water droplets stick to a variety of surfaces to form unique patterns. To develop this abstract aquatic visual, the Gensler design team started by pouring water on a selection of luxurious surfaces to observe how the droplets moved and gathered. The modern pattern that evolved from this exploration has an even distribution of irregularity to create a look that's at once random and precise.

NEW Satin Brass Finish

Satin Brass brings a warm, elevated look to modern and traditional spaces alike. This finish features a soft, brushed surface that delivers a refined golden tone without the glare of polished brass. The muted sheen highlights the clean lines of our grates.

Satin Brass

Unlacquered Brass

Our Unlacquered Brass finish is a living finish, which are metal surfaces that are left untreated, allowing them to react naturally with the environment over time. Unlike traditional finishes that remain static, living finishes evolve and develop a patina, gaining character as they age.

STAINLESS STEEL SHOWER BASE

Infinity Drain's Custom Stainless Steel Shower Bases simplify shower installation and save time on the job-site. Backed by a lifetime waterproofing guarantee, each base is flood-tested in our Amityville, NY facility and comes primed ready to tile. Available with drain options in multiple finishes.

Covers labor, removal, replacement and restoration

- Lifetime guarantee against waterproofing failure
- 304L 16 Gauge Stainless Steel
- Ability to install and flood test same day
- Ensures exact wall-to-wall and flush against the wall installation
- Available with curb or barrier free (curbless)
- Drains are available in multiple styles and finishes

CUSTOM FABRICATION

Custom Slot Drain

CUSTOM FABRICATION

If you can imagine it, we can manufacture it. Infinity Drain offers a variety of customized drainage solutions to your exact specification. Customize length, outlets, configuration, styles, and finishes. Please call or email quotes@infinitydrain.com for pricing and availability.

Next Day Custom

- Purchase orders and sign offs received by 10am ET will ship the following business day
- Completed custom form must accompany purchase order
- Straight configuration and custom lengths up to 96"
- Grate Styles: Wedge Wire, Offset Slotted, Tile Insert Frame, Adhesion, and Solid
- Installation types: Fixed (FX), Site Sizable PVC (S), Fixed Flange (FF), Flanged with Schluter®-KERDI (FCS), and Double Waterproofing (FCB)
- Custom outlet placement for multiple outlets
- Finishes: Satin Stainless, Polished Stainless, Oil Rubbed Bronze, Satin Bronze, Matte Black, Gunmetal, Matte White, Polished Brass, Polished Gold, Satin Champagne, and Satin Brass.

Standard Custom

- Purchase orders and sign offs received by 10am ET will ship within 15 business days
- Completed custom form must accompany purchase order
- Straight configuration and custom lengths up to 96"
- Any standard grate style options
- Installation types: Fixed (FX), Fixed Flange (FF), Flanged with Schluter®-KERDI (FCS), and Double Waterproofing (FCB), Tapered Threaded (FCH), Side Outlet (FT), Side Outlet with Schluter®-KERDI (FTS), and Side Outlet Tapered Threaded (OCH)
- Custom outlet placement for multiple outlets
- Finishes: Satin Stainless, Polished Stainless, Oil Rubbed Bronze, Satin Bronze, Matte Black, Gunmetal, Matte White, Polished Brass, Polished Gold, Satin Champagne, and Satin Brass.

Custom-Custom

- Specialty installation options (Sink drain, Elevator drain, Threshold drain, Vinyl Clamp drain, etc.)
- Any shape and configuration
- Any installation type
- Any outlet type
- Any finish. Standard finishes and color match finish options available.
- Length up to 300"

ACCESSIBLE SOLUTIONS

A leader in barrier free design, Infinity Drain products are all ASME A112.6.3 certified and ADA compliant, ensuring universal safe access for all levels of mobility. Whether installed in barrier free patient bathrooms, ensuring a safe, accessible patient experience or outdoor facilities, walkways and parking lots, our architectural drains elevate healthcare environments through innovative design, seamless accessibility, and long-term performance.

Infinity Drain products are featured in several leading healthcare facilities across the country, including Valley Hospital (NJ), Mohawk Valley Health (NY), Good Shepard Hospital (PA), Atrium Healthcare (NC), Madonna Rehabilitation Facility (NE), Indiana University Health (ID), Dartmouth Hitchcock Medical Center (NH), and more.

ELEVATOR DRAIN EXPANSION

NEW ELVAS 230: 9" x 3" 100 GPM

NEW ELVLAS 300: 12" x 2" 75 GPM

ELVAS 300: 12" x 3" 100 GPM

Evacuates water at 75 & 100 GPM

- 316L stainless steel 3mm Wedge Wire grate
- 16 gauge, 304L stainless steel channel
- 4" centered outlet

Keep The Path Clear For Fire Safety Professionals

Prevents water from entering elevator shafts in the event of a fire or when the sprinkler system is triggered. It is typically positioned in front of the elevator door or elevator bank.

ELVAS 230 & 300

- Complies with SFFC Code, Section 511.1 for a 100 GPM flow rate
- Meets ADA and heel-proof requirements. IAPMO tested and certified to a 100 GPM flow rate
- Complies with California Building Code 3007.3 and 3008.3 and NYS Building Code 3007.3 and 3008.3
- Available in 36", 42" and 48" kits in Satin Stainless and Polished Stainless finishes
- Custom sizes available
- Elevator drain grates are removable for accessible cleaning and maintenance
- Tamper resistant fasteners and mounting anchors options available
