Slot Sink Drain

The Slot Sink Drain creates a clean, continuous opening that disappears into the sink design. The slim linear slot integrates directly into stone, quartz, or solid-surface sink materials. Crafted from stainless steel, the Slot Sink Drain delivers consistent flow performance while maintaining a seamless architectural look and is compatible with standard sink plumbing.

Technical Details

Slot Material:	16 Gauge 304L Stainless Steel
Channel Material:	16 Gauge 304L Stainless Steel
Inside Width:	7/16"
Outlet:	1 1/2" Slip Fit

65 Series Sink Drain

The Infinity Drain 65 Series Sink Channel allows designers to pair a purpose-built sink channel with any 24" Infinity Drain 65 Series grate. Built on the 2.5" wide 65 Series platform, the system offers a wide range of grate styles and finishes while maintaining a consistent channel design. This modular approach provides flexibility for custom sink installations while utilizing the same proven 65 Series components.

24" Linear Sink Channel

Technical Details		Channel SKU	List
Channel Material:	16 Gauge 304L Stainless Steel	SKC 6524 SS	\$490
		SKC 6524 PS	\$580
		SKC 6524 ORB	\$580
Edge Material:	12 Gauge 304L Stainless Steel	SKC 6524 SB	\$580
		SKC 6524 BK	\$580
		SKC 6524 GM	\$580
Inside Width:	2 1/2"	SKC 6524 MW	\$580
		SKC 6524 PB	\$580
Outlet:	1 1/2" Slip Fit	SKC 6524 PG	\$580
		SKC 6524 SC	\$580
		SKC 6524 SR	\$580

*Channel includes hair basket and lift-out key

The 65 Series Sink Drain requires both the channel and a compatible 24" 65 Series grate to be ordered separately to complete the system.

Fixed Flange drains may be made to short lengths for use as sink drains with outlets smaller than the traditional 2" diameter, including 1 1/2" or 1 1/4" with no-hub or slip fit connections. The channel would be under-mounted to the counter/sink top using an epoxy or water resistant adhesive.
